Join us for the 2024 Pilbara BeefUp forum to hear about the latest in local and world-leading research and technologies for the northern beef industry.

- Gain insights on improving livestock, land and business performance.
- Connect with other producers, advisors and researchers.
- Hear about how new practices and technologies are being used on-farm in your region.
- Find out about the programs, tools and resources available to you.

What you can expect at the Newman and Roy Hill BeefUp:

- Get in the yard for a bull assessment and selection demonstration.
- Gain insights on domestic and export markets, including updates from Indonesia, Vietnam and the Philippines.
- Hear from the supply chain about what they're looking for now and into the future.
- Hear first-hand about the experience of producers using new AgTech.
- Delve into new tools for monitoring and managing land condition.
- Learn about carbon and nature-based markets.
- All meals included, with plenty of time to catch up.
