

# Grazing fundamentals EDGE

**Begonia, Qld: 29 May (Day 1) & 19 June (Day 2 TBC) 2024**

**VENUE** Begonia Golf & Sports Club, 4233 Begonia Road (75km north of St George)  
**TIME** 9.00am to 3.00pm (both days)

**Grazing fundamentals EDGE is a workshop designed to give you a broad understanding of the components of the grazing production system and the core, scientifically-backed principles behind optimising grazing land productivity.**

**Attending this workshop will help you to:**

- understand what conditions drive pasture growth & how you can use strategic grazing management to improve pasture productivity
- evaluate the productive potential of a property & identify opportunities for improvement
- better align herd management with seasonal changes in pasture condition
- build a seasonal climate profile for your location
- understand key considerations when designing paddock and property layout.

**What you will learn Day 1**

- environmental regulators of pasture growth & quality
- seasonal pasture growth patterns & key decision dates
- how soil properties influence pasture growth
- how grazing affects pasture plants, their productivity & growth
- important local pasture species
- how to assess land condition & how this impacts on carrying capacity
- how to set up PastureKey satellite imagery for your property.

**What you will learn Day 2**

- know when and how to use pasture spelling
- principles behind successful grazing systems
- how to account for different classes of animals when assessing grazing pressure
- how to stock to seasonal carrying capacity using paddock forage budgets
- how to use PastureKey satellite imagery to do paddock forage budgets on your property.

Attendees of this workshop will receive a **FREE** 12 month subscription to Cibo Labs PastureKey (usually valued at \$2,000). This generous subsidy is provided by Cibo Labs and SQ Landscapes.

Funded by  
**Natural Resources  
Recovery Program**

# What do other producers think of this workshop?

## General feedback

“Great workshop, informative & practical.”

“Very beneficial & well presented.”

“I found it very informative for the time available.”

## What aspect producers found most valuable

“Production point, when to spell, what to look for in assessing land condition.”

“Different grazing systems, pasture stability and resilience.”

“Pasture management and identification.”

“Feed budgets and land condition.”

“The explanation of AEs and determining carrying capacities.”

## The presenters

“Knowledge exceptional, good mix of theory & activity.”

“Very experienced & great presentation.”

“Excellent presenters, knowledgeable & approachable.”

“Presenters were clear and precise in their presentation.”

“Experienced in broad range of topics. Have real life experience.”

## Value for time & money

“Best investment of my time & money in a long time.”

“For the time and money you spend it is an excellent workshop and definitely worthwhile.”

“Extremely valuable.”

“So good. Worth the time investment.”

“Small outlay for major gains.”

## Price

Subsidised rate of \$140pp\* inc GST per person (usually \$935pp)

\* Eligible landholders within the SQ Landscapes priority zone (Maranoa region and Upper Balonne Shire) can access this subsidised rate.

*THIS EVENT IS SUPPORTED BY SQ LANDSCAPES WITH FUNDING FROM THE QUEENSLAND GOVERNMENT'S NATURAL RESOURCE RECOVERY PROGRAM*

Cost includes workshop, a comprehensive set of Workshop Notes, Workbook, catering + a 12 month subscription to Cibo Labs PastureKey (usually valued at \$2,000)
