Change -1730

Due to Covid restrictions this is the first store cattle sale in Dubbo since the 6th of August. It was a pretty good quality yarding of cattle consisting of some good lines of steer and heifer weaners along with some outstanding pens of top quality cows and calves. There was also a large consignment of PTIC Braford cows. There was a very good crowd on hand with solid support from central tablelands buyers along with good support from locals.

The steer and heifer weaners sold to very strong competition with the steers selling from \$980 for Friesians to \$2,240/head for good quality Angus calves. The better quality lines of steer weaners averaged from 715c to 890c while the plainer types sold down to 655c/kg. The heifer weaners sold from \$760 for light weight Santa Gertrudis calves to \$2,050/head for once again good quality Angus heifers. Braford heifers PTIC also sold to very strong competition selling from \$1,725 to \$2,375 while a pen of Angus heifers PTIC sold for \$2,325/head.

The best of the cows and calves were a line of very heavy Angus cows with large calves at foot and pregnancy tested back in calf. They sold for \$4,170 while a small line of Santa Gertrudis cows with their first calf at foot sold for \$4,000/unit. The balance of the cows and calves sold from \$2,050 for very small Droughtmaster cross units to \$3,675/unit for Hereford Angus cross units. A large percentage of the cows and calves sold at rates in excess of \$3,000/unit. The large line of PTIC Braford cows sold from \$1,850 to \$2,400 while the best of the PTIC cows were Angus cows which sold for \$3,350/head.

Market Reporter, David Monk.
