

## **Final report**

Project Code:

A.MPC.0009

Prepared by:

Tony Hunter

Chrysalis Enterprises

Date published:

June 2007

PUBLISHED BY Meat and Livestock Australia Limited Locked Bag 991 NORTH SYDNEY NSW 2059

## **Equipments database 2007**

Meat & Livestock Australia acknowledges the matching funds provided by the Australian Government and contributions from the Australian Meat Processor Corporation to support the research and development detailed in this publication.

This publication is published by Meat & Livestock Australia Limited ABN 39 081 678 364 (MLA). Care is taken to ensure the accuracy of the information contained in this publication. However MLA cannot accept responsibility for the accuracy or completeness of the information or opinions contained in the publication. You should make your own enquiries before making decisions concerning your interests. Reproduction in whole or in part of this publication is prohibited without prior written consent of MLA.

## **Project Background**

Under the previous MLA Project RMIDTB.002, industry based research was conducted to develop a database of equipment suppliers that currently or potentially may supply the red meat industry.

This project will update the information previously collected.

The objectives were -

a) To provide details for all significant equipment suppliers that currently or potentially may supply the Australian red meat industry. Details to include:

- Company name
- Contact details: phone, address, email, website
- Agency/brand
- Extensive list of equipment:
  - Equipment categories freezing/chilling, forming/filling, packaging line, slicing/dicing, second hand, mince/grind/chop, cooking, injection, massage/tenderize, coating, mixing/blending, other
  - Equipment type

b) Data to be provided in excel format

## Outcomes

The database was successfully updated with all relevant information as laid out in the objectives and provided to MLA in a excel format.
