

Rangelands Living Skin paddock walk

Wyndham Station, Thursday 24 February 2022

| | |
|-------|--|
| VENUE | Gus and Kelly Whyte, 'Wyndham Station' 1848 Old Broken Hill Rd, Anabran South |
| TIME | 9:00 am to 12:00 noon |

Come and spend the morning 'kicking the dirt' with some of the team from the Rangeland Living Skin Project. This paddock walk is a taste of the topics that are part of this project, which is all about identifying practical, cost-effective practices that regenerate the rangelands to support production into the future.

Paddock walk topics

Producing in the rangelands (*Gus and Kelly Whyte*)

Rangeland soils as carbon sinks (*Dr Susan Orgill, NSW DPI*)

Pasture walk - plant ID and diversity (*Dr Sarah McDonald, NSW DPI*)

Biological crusts to brown grass: what is effective ground cover? (*Dr Craig Strong, ANU*)

Living soils to promote landscape function (*Kirsty Yeates, ANU*)

Biodiversity on pastoral properties (*Dr Eren Turak, DPIE*)

RSVP and for more information
