

# BestWool/BestLamb and BetterBeef Networks Roadshow

## *Weathering today, Building tomorrow*

In response to seasonal challenges, we're taking a fresh approach in 2025.

Instead of one big Bestwool/Bestlamb and BetterBeef state-wide conference, we're bringing the knowledge to producers with a series of half-day events, making it easier to attend without spending a whole day off-farm. Same high-quality content — just more accessible and closer to home.
