

LIVESTOCK 2020

BIG ISSUES - NEW PARTNERSHIPS

Livestock 2020 - Big Issues New Partnerships is a new event that will build on outcomes and achievements of the Sheep CRC to engage leading sheep and cattle producers and livestock industry RDE&A service providers. Keynote presenters will identify the big challenges and opportunities facing the sheep and cattle industries in southern Australia over the next 10 to 20 years. Having identified the future challenges and opportunities, the forum will explore how research and development organisations, the private sector and industry organisations might collaborate and co-invest to deliver the desired outcomes.
