

PROFITABLE PASTURES

Turning Weeds to Feed

Join us for a day of local insights, practical demonstrations, and proven results from the paddock. Hear from leading specialists and see firsthand how soil health, grazing management, and targeted weed control can lift productivity and profitability in your farming system.

Pasture Management with Fiona Baker

Tips and strategies for getting the most from new and established pastures all year round.

Fireweed Update with Ken Stuart

Learn how to identify, manage, and stay ahead of fireweed on your farm.

Weed Warriors Demo Site with Nicole Frost

A 3-year MLA funded project into weed control in pastures: Chilean needle grass and other pasture weeds. Results from spraying, cropping, lime & fertiliser treatments, and perennial pasture sowing.

TopSoils Kikuyu Over-Sowing Demo Site with Nicole Frost

Discover over-sowing and grazing strategies to keep Kikuyu pastures productive through winter and maintain year round feed.

SATURDAY 8TH NOVEMBER

9:30am – 2:30pm

Clifton Creek Hall

810 Deptford Rd, Clifton Creek
