

For the latest in red meat R&D

Charleville, Thursday 25 March 2021

Venue Racecourse Complex, Partridge Street, Charleville, QLD

Time 8.45am – 5.30pm

What are MeatUp Forums?

MeatUp Forums give you the latest in red meat R&D. They are held throughout southern Australia and are developed by Regional Producer Working Groups in collaboration with MeatUp Coordinators and MLA staff. Forums are designed by producers for producers.

This means the program is purposely designed to be relevant to red meat producers in the region that the MeatUp Forum is being held.

Why should I attend MeatUp?

- Hear about the latest locally relevant on-farm R&D
- Hear from and network with leading producers
- Gain insights into tools and programs to improve your business
- Increase your productivity and profitability

Keynote speakers

- Michael Crowley, General Manager, Research, Development and Adoption, MLA
- Jason Trompf, Lambs Alive, leading a panel including Gordon Refshauge and Mark Murphy on refocusing your rangeland reproduction
- Camilla Herbig, Rural Adversity Mental Health Program
- Other great speakers on all rangeland enterprises including beef, sheep and goats - see next page for program

Cost: No cost to red meat levy payers due to the Accelerated Adoption Initiative for events to 30 June 2021

Cost to non-red meat levy payers \$50 (GST exc)

RSVP essential to ensure a COVID-safe event

* While we intend for this event to be primarily in-person, we continue to observe the current travel restrictions and health advice. The forum will run in accordance with State and Federal Government restrictions and advice. Seating plans, hygiene cleaning plans and hand sanitiser are in place to help you adhere to social distancing and hygiene guidelines. Participants will be required to provide phone contact details to MLA for contact tracing purposes if required. If you, or anyone you know, have been in contact with someone who has been asked to self-isolate or if you are feeling flu-like symptoms, please do not attend the forum.
