

## Harden district cattle producers:

Join animal production scientist and farm business consultant David Brown over the next 12 months as he equips you with the know-how to take your breeder herd to the next level.

### What you will learn:

- Setting beef breeding objectives and how to use BreedObject
- Cow nutrition to optimise reproductive performance
- Joining management for cows and heifers
- Bull preparation
- The role and value of pregnancy testing
- Managing PTIC females' growth and condition
- Preparing for and managing calving issues
- Weaning options and management
- Marketing options.... and more.

### Deliverer: David Brown – 0455 967 323

Learning will occur over six group sessions held at participants' farms over the production cycle. David Brown will also run a one-on-one coaching session with each participant.

### Investment (GST exclusive)

One person.....\$1,400  
Subsequent people same business.....\$1,050

*MLA is supporting the delivery of this training package*
