# BEEF AND DAIRY LIVESTOCK ASIA

8 ~ 9 March 2017

GEM CENTER  
8 Nguyen Binh Khiem  
Ho Chi Minh City

The ONLY Cattle Specific  
Expo and Conference in  
South East Asia

Department of  
Livestock Production  
(MARD)

The event will showcase modern technology from around the world with novel systems for traceability, cold chain logistics, breeding and nutrition support for cattle production systems. The Beef and Dairy Livestock Expo and Conference is the ONLY platform for the cattle industry to get together in South East Asia to exchange ideas and showcase up to date models for improving productivity in the beef and dairy sector. The conference will deliver market specific research that aims to provide practical application of knowledge for farmers, government, researchers and commercial traders. The Australian industry remains focused on improving systems to make cattle production sustainable, and profitable for Vietnamese producers while encouraging compliance with international standards for food safety, animal health and animal welfare.
