## Best practice predator control for lambing Producer Demonstration Site (PDS) – Field day

<b>WHAT</b>	Free field day – best practice predator control for lambing
<b>WHEN</b>	Tuesday 18 February 2020 9:30am for a 10:00am start   Finish at 3:00pm
<b>WHERE</b>	Presentations (am): Picola Football Club Rooms, Picola, Victoria Field trip/demonstration (pm): On-farm – venue TBC

MLA's PDS program supports producers to adapt, validate and demonstrate the business value of integrating new management practices/skills into their local farming systems.

### Overview of the Producer Demonstration Site

- This free field day is for sheep producers wanting to reduce predation during lambing using the latest management techniques to improve survival.
- Producers will learn about the Goulburn Murray BESTWOOL/BESTLAMB group PDS project 'Best practice predator control for lambing' and how to get involved.

### What's on the agenda?

- National experts will discuss fox and pig ecology as well as the latest control techniques, including the new canid pest ejectors and Hogone.
- A practical on-farm demonstration of bait laying and monitoring using cameras and Feral Scan.
- Speakers:
  - **Dr Kristy Howard** (Facilitator and Coordinator of the Goulburn Murray BESTWOOL/BESTLAMB group – Inspiring Excellence).
  - **Jason Wishart** (Biosecurity Manager for Established Invasive Animals – Agriculture Victoria).
  - **Greg Mifsud** (National Wild Dog Management Coordinator – Centre for Invasive Species Solutions).

### RSVPs essential by Friday 14 February 2020 as places are limited
