

## Containment Feeding Ewes – Project Results and Producer Discussion

As we move into another summer and autumn period and producers are looking towards containing ewes again – we will summarise results of the 19/20 containment period for the BIGG PDS on containment feeding ewes. We will also have a producer panel to discuss their personal experience with containment and are welcoming any producers to join in on the discussions.

**WEBINAR: Monday 30 November 2020 8.00-8.45 pm (SA time)**

**(if you are unavailable you can still register to receive a recording of the webinar the following day)**

Facilitated by Deb Scammell, Consultant, Talking Livestock, the webinar will cover:

- Summary of 19/20 containment ewe PDS results
- Discussion with containment ewe producer panel and other attendees on:
  - Containment set up
  - Feeding and rations
  - Benefits
  - Issues
  - Health problems in containment
