

Grazing fundamentals EDGE

Mundubbera, QLD: Tuesday 20 March 2018

VENUE Billabong Motor Inn, 47 Strathdee St, Mundubbera
TIME 8:30am to 4.00pm

GRAZING FUNDAMENTALS EDGE IS A ONE-DAY WORKSHOP DESIGNED TO GIVE YOU A BROAD UNDERSTANDING OF THE COMPONENTS OF THE GRAZING PRODUCTION SYSTEM AND THE CORE, SCIENTIFICALLY-BACKED PRINCIPLES BEHIND OPTIMISING GRAZING LAND PRODUCTIVITY.

What you will learn:

- environmental regulators of pasture growth and quality
- local seasonal pasture growth patterns and key decision dates
- how soil properties influence pasture growth
- how grazing affects pasture plants, their productivity and growth
- how to assess land condition and how this impacts on carrying capacity
- know when and how to use pasture spelling
- principles behind successful grazing systems
- how to account for different classes of animals when assessing grazing pressure
- what's involved with forage budgeting

Deliverers:

- Jill Alexander - AppliedAg
- Col Paton - EcoRich Grazing

Attending this workshop will help you to:

- understand what conditions drive pasture growth and how you can use strategic grazing management to improve pasture productivity
- evaluate the productive potential of your property and identify opportunities for improvement
- better align herd management with seasonal changes in pasture condition

Price:

\$150pp + GST (subsidised - normally \$750pp + GST)
This workshop is supported by the Burnett Mary Regional Group through funding from the Australian Government's National Landcare Programme.

Cost includes comprehensive set of workshop notes, workbook, lunch, morning/afternoon tea.

Places are limited.
