

15th – 17th August 2017 - Walgett

3 Day workshop in Walgett

8:30am to 5:00pm

Morning Tea, Lunch and Afternoon tea provided daily

The Nutrition EDGE package is tailored for your conditions and enterprise management. It is designed to equip you to make decisions that ultimately help to achieve your herd performance targets through improved breeder fertility, weight gains, optimal use of supplements and overall management.

What you will learn:

- Digestive system of ruminants and use of nutrients, intake and production
- Pasture growth and quality, and indicators and factors that affect them
- Grazing management & animal production
- Managing supply of nutrients from the pasture to grazing animals
- Identifying mineral and vitamin deficiencies and how to manage for them
- Managing nutritional deficiencies
- Cost calculations between supplements
- Identifying lick groups and understanding lick labels

Deliverer:

Désirée Jackson

Désirée Jackson Livestock Management
