

# PASTURE, CARBON & CREDITS

*Growing carbon credits with sheep and cattle*

Livestock producers have improved options for *diversifying farm income streams* by increasing soil carbon and *earning carbon credits*.

Hear from a visiting beef producer how this can be achieved at a *commercial scale*.

Also learn about the tools and support available to assist livestock producers *achieve carbon neutral status*.

## WITH GUEST PRESENTERS INCLUDING:

- Stuart Austin, General Manager Wilmot Cattle Co. (Armidale NSW)
- Margaret Jewell, Carbon Neutral 2030 Manager, Meat & Livestock Australia
