

# Maximise your Herds Reproductive Potential

## INVITATION

### ReproActive Practical and Interactive Workshop

ReproActive is a specialised program recently developed by Australia's leading vets, cattle specialists and rural business experts, aimed at improving production and profitability. With workshop sessions designed to help producers maximize a herd's reproductive potential, you will gain a better understanding of the key drivers for your herd's success.

- Significance and assessment of **Critical Mating Weights** for fertility, conception and calving
- How to plan and achieve shorter **Joining Periods**
- Implications of **Condition Scoring** with recommendations for corrective action
- **Bull Management and Assessment** for better bull performance and reproductive success

#### PRESENTERS AND PRACTICAL SESSION FACILITATORS

- **Dr Ian Henderson, Senior Veterinarian, and Dr Tom Loughnan, Veterinarian, Colac Vet Clinic**  
Joining Periods, Critical Mating Weights, Bull Management and Health including practical yard assessment of bulls
