

Sheep Productivity Workshops

Naracoorte, SA - 27 August 2019
Hamilton, Victoria - 29 August 2019

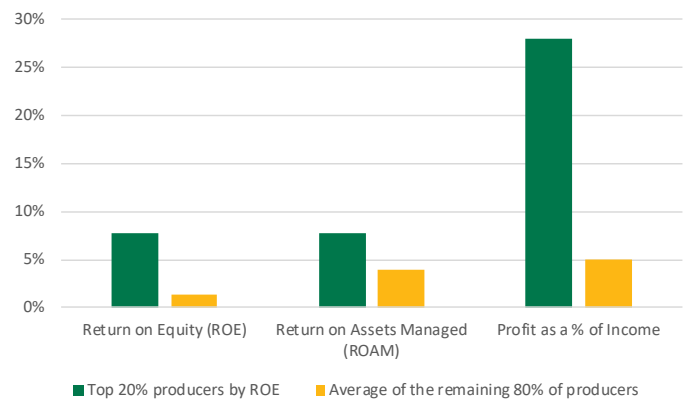

8.45am - 1.00pm (followed by complimentary lunch)

The top 20% of sheep producers in southern Australia are retaining almost 30% of turnover as net profit, while the remaining 80% of producers are retaining less than 10%.

Come along to these workshops to understand some of the key metrics and approaches being used by the top 20% of producers to achieve these results.

Workshop program

- Insights into the performance of Top 20% sheep businesses
- Exploration of key whole of business profit drivers
- Introduction to the importance of effective management of the feedbase
- Gallagher EID and handling equipment on display
- Gallagher electric fencing solutions on display
- Insights into MLA's 'Profitable Grazing Systems' platform and available opportunities in your area
- Sign-up opportunities to MLA's PGS supported learning programs
- Understanding the importance of infrastructure investments.
