

A day about getting the ewe flock Back on Track after drought

Guest Presenter: Dr San Jolley, Productive Nutrition, South Australia

This is a day following on from San's excellent day in Walgett in April. You will enjoy her no nonsense style and quality research based information. It will give you the information you need to make sure your flock is at peak performance post drought.

- Strategies to maximise lamb and ewe survival and profit this spring
- Restocking, purchase and joining strategies for profit
- Strategies post weaning to maximise weaner production and profit
- Pre joining ewe and ram strategies for next year, nutrition and options
- Getting the flock back on track post drought: business tips and ideas

Date: WED 24th AUG 2016
Venue: WALGETT CWA ROOMS
Start: 9.30 am to 3.30 pm
