

# wormboss

**Stop drenching all summer!**

- Reduce your number of drenches
- Reduce your cost of worms
- Reduce deaths from worms

## **New England WormBoss Producer Demonstration Site Workshop**

**Tuesday 14 February**

**8.30 am - 1 pm**

**Warrane, Armidale**

**RSVP essential**

**by Friday 10 February**

**Deb Maxwell**

**[deb@paraboss.com.au](mailto:deb@paraboss.com.au)**

**0437 524 163**

**Attendance free**

**Morning tea supplied**

**Please bring your own CHAIR**

**New project participants wanted**

**Invite a friend or neighbour**

**The New England WormBoss  
project is funded by  
Meat & Livestock Australia's  
Producer Demonstration Site  
Program**

**Program**

- Overview of WormBoss\* program
- Weaner worm control
- Preparing low worm-risk spring lambing paddocks now
- Demo: Conducting a drench resistance test
- Drench resistance management
- Review of project participants' progress
- WormTesting

**New project participants are now wanted,  
who will\***

- Apply the WormBoss program in one mob of ewes and weaners
- Conduct a Drench Resistance Test (you pay \$330, MLA pays the rest \$415)
- Conduct WormTests (you pay \$37, MLA pays the rest \$21)
- Receive all necessary guidance and free advice on test results

(\*for full details: contact Deb Maxwell)

**Practical, proven, cost-effective**

- Largest gains with Merinos
- Crossbreds do benefit
- You could halve your costs of worms and the number of drenches given, compared with typical management relying on drenches

**Work smarter, not harder;  
give WormBoss a go,  
it's easier than you think.**

**\*WormBoss is funded and managed by  
MLA, AWI and UNE**
