About MeatUp

MLA MeatUp Forums, first held in 2021, deliver the latest in red meat Research, Development and Adoption (RD&A) and are held throughout southern Australia. MeatUp Forums are designed by producers for beef, sheep and goat producers through the input of Regional Producer Working Groups.

This means the program is purposely designed to be relevant to the needs and interests of red meat producers in the local region that MeatUp is being held.

MeatUp Forums are an MLA initiative and delivered by Pinion Advisory.

Why should I attend MeatUp?
