

Becoming a Nudie

The pros and cons of switching to shedding sheep

HOLD THE DATE - 13 JULY 2021

FREE ONE-DAY EVENT

Australian sheep producers are increasingly becoming interested in sheep breeds that don't require crutching, mulesing or shearing.

In this special one-off event, organised by Meridian Agriculture in association with Cashmore Park, find out what is involved in making the switch and the issues you need to think about before taking the leap.

Featuring presentations with hands-on producers, leading independent advisers and researchers including:

- Andrew Speirs, Meridian Agriculture, Senior Agronomist
- Rob Herrmann, General Manager, Mecardo
- Fiona & Russell Mitchell, Nudie Farmers
- Professor Bill Malcolm, Economist, University of Melbourne
- Emma Bolding, Meridian Agriculture, Farm Business
- John Keiller, Cashmore Park
- Gus Rose, Sheep Genetics, MLA

Sheep on display from Cashmore Park.
