

MFMG, CTLAP & GSSA PRESENT:

A DRIVING FIELD DAY

*Boosting Soil Fertility Using Compost,
Crops & Deep Tillage*

9th November 2021 | 9am-5pm

Meet at Mulbartons Compost, 1054 Beeama Parsons Road,
Padthaway, & convoy to our sites at Western Flat & Bordertown

FACILITATED BY DR MELISSA FRASER

What you'll learn

- How organic waste is transformed into a valuable soil conditioner & how to use it on farm
- The Mulbarton Business story - stacking enterprises for success
- A farmer take on the challenges & opportunities of cover cropping & establishing summer-active feed
- How to select the right tillage implement for your soil conditions
- Hear about a new MLA investment to improve feed production on sandy soils & have your say on what you want to see trialled

Hosts & Presenters

- Phil Giles & Hamish Verco
- David Kuchel & Nathan Tink
- James Verco
- Simon March & Wickham Flower & Co

Registrations essential - call PIRSA at Struan on 8762 9100 or email melissa.fraser@sa.gov.au
