

# Soil to Strategy

'Using real time data to drive year-round decisions'

Omeo and Bairnsdale, Victoria

 **Wednesday 3 September | Time: 10 am – 3 pm**

 Buchan Rec Reserve – 5609 Buchan-Orbost Road, Buchan

 **Tuesday 9 September | Time: 10 am – 3 pm**

 Omeo Rec Reserve – Park Street, Omeo

 **Wednesday 10 September | Time: 10 am – 3 pm**

 Gippsland Ag Centre (Bairnsdale Aerodrome) – 345 Bengworden Road, Bairnsdale

Please do not attend if you are unwell.

Join Agriculture Victoria for an engaging workshop to identify seasonal trigger points, plan for seasonal variation and refine decision making on your farm. The workshop will help you use data to inform decisions.

## Workshop topics

- How to access and use local soil moisture data
- Setting seasonal trigger points for your farm
- Insights from Gippsland demonstration sites
- Identifying key decision points for your business

'Using soil moisture probes for seasonal preparedness'  
Producer Demonstration Site (PDS) runs from 2022-2026.  
The project assists producers to make timely decisions using data from the Gippsland soil moisture probe network.

This event is funded by Meat & Livestock Australia with the support of:
