

Australia's National Science Agency

Lansdown Research Station Field Day

Tuesday 7th September - 10am to 2.30pm

4073 Flinders Highway, Woodstock

Register here

Discover beef research on your doorstep and meet our scientists

lansdown@csiro.au

Demonstrations on:

- Agri-tech - smart ways to save time and measure to manage your herd (smart tags, smart collars, WoW)
- Reducing your GHG footprint – use of legumes and supplements to cut methane production from cattle
- Feed efficiency – understanding production on pasture
