

Preventing bull preputial breakdown Insights and outcomes from the PDS

PDS Updates webinar series

 **23 April 2026 | 12pm AEST / 10am WA / 11:30am SA/NT**

 **Online – Microsoft Teams**

Real-world learnings from the ASHEEP & BEEF Inc 'Preventing bull preputial breakdown' Producer Demonstration Site.

MLA invites you to a free 45-minute webinar in our Producer Demonstration Sites (PDS) Updates webinar series.

This session will outline the demonstration approach, key observations from participating properties and practical considerations for incorporating vaccination into bull management programs.

Speakers

- Dr Enoch Bergman, Swan Veterinary Services – PDS Facilitator
- Simon Fowler, Chilwell Farms – Lead Producer

What we'll cover

- Why preputial breakdown matters for bull health and joining outcomes
- How the PDS was run across participating properties
- What the PDS demonstrated and the observations collected
- Considerations for vaccination as part of bull management
- Q&A with the project team.

Who should attend

Producers, advisors and service providers interested in practical strategies to support bull health and performance.

This event is funded by Meat & Livestock Australia with the support of:
