

Three's a Crowd: Practical Tips for Triplet Success

PDS Updates webinar series

 **14 May, 2026 | Time 12.00pm AEST / 10am WA / 11.30am SA & NT**

 **Online via Microsoft Teams**

Paddock-tested strategies from the Lambs Alive Producer Demonstration Site to help lift triplet survival.

Join MLA's PDS Updates webinar to hear practical, paddock-tested strategies from the Lambs Alive Producer Demonstration Site focused on improving survival of triplet-bearing ewes and their lambs. Learn what's working on-farm and take away actions you can apply this season.

SPEAKERS

- Dr Jason Trompf (JT Agrisource) — PDS Facilitator
- Will Johanson — Prime lamb producer, Euroa (VIC)

WHAT YOU'LL LEARN

- Practical approaches for managing triplet-bearing ewes and lamb survival
- What's working in commercial paddocks — lessons from the Lambs Alive PDS
- Key considerations for decision-making and management through lambing
- Ideas you can trial this season (and how to keep it simple)

WHO SHOULD ATTEND

Sheep producers, farm managers, advisors, extension staff, and anyone supporting reproductive and lamb survival outcomes.

An MLA PDS Updates event, delivered with support from JT Agrisource and the Lambs Alive producer group.
