HARVEST ACCELERATOR

Equipping high potential agrifood
business with the capabilities to scale.

WHAT IS HARVEST?

A 3-month accelerator program to equip high potential agtech, food tech or value-added food and beverage businesses with the capabilities to scale into national and international markets.

You will learn through the delivery of high quality programming combined with tailored support and exposure to our broad network of industry experts, mentors, investors and advisors.

WHO CAN APPLY?

Australian agtech, food tech or value added businesses. You must have:

- One full time founder/employee working in business
- Registered business
- Proven traction in a minimum of one customer segment/channel
- An MVP being trialed or working product in market
- Willingness to work with coaches and F2F team
- Available for face to face bootcamp at Evoke Ag 2023

WHEN

Applications Close: 16 October 2022
Finalists Announced: 13 December 2022
Program Launches: Early February 2023

WHERE

A hybrid model of online sessions and in person events.

COST

Free (Supported by GRDC, MLA and TNQ Drought Hub)

HOW IT WORKS

The F2F Harvest Accelerator is structured over a 3 month period. The program officially kicks off with a face to face bootcamp from 20-24 February 2023, coinciding with EvokeAg in Adelaide.

The program will then follow a regular structure of weekly strategy sessions, expert masterclasses and connections to our network and community. You will be allocated a business coach and have access to an interim advisory board for the duration of the program. You will also be onboarded to a comprehensive learning management platform with extensive resources to support your growth plan.

WHAT'S INCLUDED

- Eligible for funding & investment opportunities
- Tailored support to each business
- Access to comprehensive platform of resources and tools
- Access to our broad network of industry mentors, founders, experts and trusted service providers
- Connections to customers and channel partners
- PR and participation in large industry events (Evoke Ag in 2023)
- Establishment of interim scaleup advisory board
- Internationalisation pathways and alumni programs
